

MARCH 2021 UPDATE

GREEN BRICK TITLE, COVID-19 AND YOU

Open for business and ready to serve.

March 2021: Green Brick Title has continued to monitor the case count throughout North Texas and along with our industry partners and the Texas Land Title Association, we will continue to operate as an essential business. Our highest priority is protecting the health and safety of our team members and loyal customers, while ensuring our continued ability to serve our clients. We will continue to operate in a responsible manner to ensure our staff, clients and the public remain safe.

We have now conducted over 1,500 drive thru closings; we are set up to meet clients outside their cars to limit physical contact during closing. We are also set up for remote closing, if your lender can accommodate the process.

HOW DOES THIS AFFECT ME?

- **No in-office “Closing Table” signings are being offered.** We are currently serving customers exclusively with our curbside closing experience.
- Limiting your attendance in closings to only necessary individuals for the transaction: **only individuals who are signing should attend.**
- Realtors and Lenders are welcome to join their signing clients curbside, following all CDC recommendations.

In addition, if you are not comfortable with our curbside service, please talk with our office to understand what options may be available to you. To better serve you, our underwriters have developed guidelines to facilitate closings and policy issuance in light of increasing recording office and municipal office closures.
